

Accessories for TD/TS series up to 800A

Susol

Locking devices

Removable locking device

Removable locking device is available for all TD & TS circuit-breakers. The locking device is designed to be easily attached to the circuit-breaker.

This device allows the handle to be locked in the “OFF” position. Locking in the OFF position guarantee isolation according to IEC 60947-2.

The locking device for the toggle handle can be installed in 3-pole and 4-pole circuit-breakers. Maximum three (3) padlocks with shackle diameters ranging from 5 to 8mm may be used. (Padlocks are not supplied)

Removable locking device

MCCB	Padlockable device	Function
TD100,TD160	PL1	“OFF” position
TS100,TS160,TS250	PL2	
TS400,TS630	PL3	
TS800	PL4
